Brescia, 31st July 2014

IMPROVEMENT ON PRODUCTS	<b>CO01400, CO01410, CO01420 CO2100, CO2110, CO2200</b>
PART NUMBER	<b>RG00453</b>

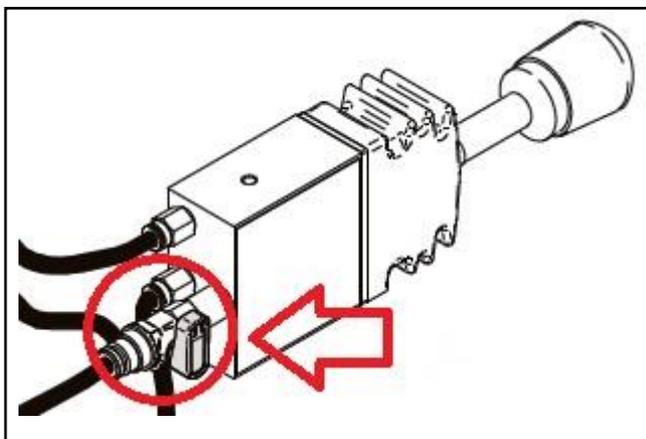

Dear Customer,

As part of our continuous improvement program, we have released an improvement on this part number:

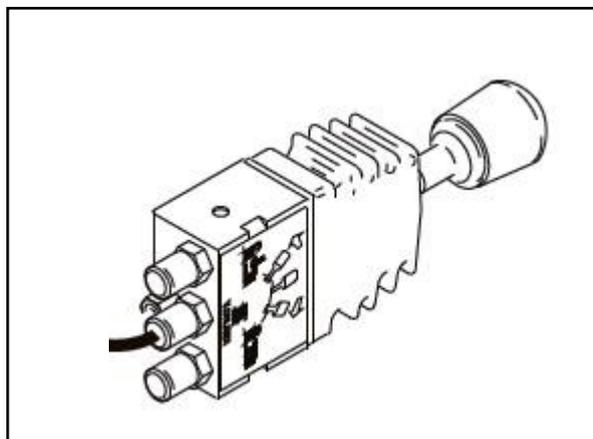

PART NUMBER*	<b>RG00453</b>
IN PRODUCTION FROM	<b>July 2014</b>

\* Please check the below 3D photos

#### NEW VERSION

#### PREVIOUS VERSION

The above valve kit RG00453 has been now upgraded:

1. It can be retrofitted to any pneumatic V. ORLANDI complementary kit such as the ones listed above;
2. It includes an extra safety valve (underlined in red) to increase the safety; it allows the operator to cut the main air supply when driving;
3. The operator after checking that the coupling is properly closed, must then turn the valve in "OFF position" when driving.

For eventual further information, please contact our Sales Department
